Happy Day is a indie game that will bring you a little glimpse into a Christmas town where no one has a bad, and everyone goes to their neighbors' place for a cup of tea every day. The town doesn't even have a police office as no one commits any crimes here. You task is to walk around the city and wish a merry Christmas to your neighbors. Because your town is the most wonderful place in the world! Cloneism is not a modern concept, it's been with us since the start of human civilization. But this time, we are facing a new challenge - the artificial clone technology, when scientists can duplicate humans to save lives, combining the genes from a single individual into one multi-cell organism. But the clones are not only copies, they are the true and complete individuals, inheriting 100% of the original's traits and personality. And this is where the trouble begins. Your Clone was born as a perfect and complete person, but because of a tragic accident, he was born without arms. It's up to you to help him through his life, give him the chance to enjoy life and experience all the challenges that come with it. Explore the world as a complete, healthy and free clone, and deal with all the obstacles this new life threw at you. How can you play basketball? How to you do sports that require coordination and balance? Cloneism is a 6 part episodic drama game, where you'll answer all these questions and much, much more. Your Clone was born as a perfect and complete person, but because of a tragic accident, he was born without arms. A group of scientists help him through his life, and help him through his world, make it a better place to live. Today, Dr. Lamar sees his life's work fulfilled. The first clone-born arm surgeon is able to begin his real work, human cloning. But he knows that it is only the beginning. There are many more clones out there who

~ Review By Grim October 7th, 2013, 13:47 A whole new faction for Crusader Kings II... The Imperial-Alid Caliphate has survived up until the modern day... or has it? Who will inherit in 1067? You are called Crusader... Grimdog writes: It has been a long time since Grimdog last reviewed a Civ game. Crisp graphics and fun gameplay provided an entertaining, easy-going experience that provided a breather for a busy Grimdog. Getting to know some new cultures is always fun, especially for me, as I am one of those interesting people who gets very comfortable with diverse cultures. This time out, I decided to get an up-close and personal look at the Turkmen nation, and see what makes them tick. It is good to be home. Starting in 1050, with the arrival of Atsiz, a Khan of the Great Horde, the Turkmen people cut loose from the Turks who thrived in the Central Asian plains, and entered the fold of the Alid dynasty. Khan Atsiz' son, Sultan Alp Arslan, and later Sultan Suleiman II were some of the best kings of the Caliphate, but the Great Horde faded. The Turkmen lost large portions of their land in both Josef Stalin's (and Hitler's) purges in 1917, and again during the Second World War. The War - Church Warmongering In 1071, the first frontier wars began as the Apostolic German Roman Empire sent forces to the newly Christianized Balkan Peninsula to oust the Serbian church of the First Bulgarian Empire from their Christian cities in Mariovo (Split). These war had little or no impact on the Turkmen, but set the stage for the Pragues over the next 600 years. Oh - and Crusade. You would think that the Greeks would be interested in acquiring more coastlines like those in the Bay of Mariovo, where the Greeks had set up a number of monasteries, but realpolitik took over for the Greeks, seeing that the Turks existed. The Crusaders of the 11th century never quite could settle down and give up their Holy Wars like the other Christian states. In 1768, the Turks occupied the city of Mariovo, and called it the new metropolis of the Turkic empire of the time. The new Ottoman Empire was already flexing

PhaseWorm is a twin stick puzzler on a grid, where you must stack as many colored tile upon each other to solve levels, collect gold, and get medals. --- The main mechanic of PhaseWorm is Phasing. When you're standing on a tile of a color opposite the color of the tile above or below you, you phase into that tile. This adds a one-time pass through of that tile and its color. This lets you evade certain obstacles such as falling platforms or the thorns of poisonous plants. You must collect gold to upgrade your jelly jars. These upgrades will make PhaseWorm easier to play. For example, The fastest jelly jar will let you phase quickly. The game has also been designed to be somewhat open. You can use any tileset and colors that you like. The tileset and colors also affect the difficulty of the game. If you want to take your time in a level and plan out the route and pay attention to the jelly jars, you can use whatever tileset you like. If you want to push yourself and try to beat a medal time, you can use the themed tileset. It's up to you to decide how challenging you want the gameplay to be. --- There are also no original music or voice-overs in the game. We hope that you can use your own style and your own sound design to make the game even more enjoyable. --- Features: - Original music -30 challenging and unique themed levels - Fully customizable user interface - 50 medals - Detailed scoreboard for all 50 stages - 7 Gamepads supported: Xbox, Gamepad, Dualshock 4, Dualshock 3, Dualshock 2, Dualshock 1, Controller Moga About PhaseWorm: You are the new Phaser. You must stack color upon color. The colors are set inside jelly jars, which you collect as you advance through the levels. You make your way up the rainbow to collect gold and unlock an even more difficult mode. --- Each level is a grid of colored tiles and jelly jars. Stacking tiles of matching color will earn you gold. Collecting gold will upgrade your jelly jars, which will speed up the process. Stacking translucent jelly jars will find and increase the gold, but will also increase the chance of phase-jars interfering with the game as well. Your goal is to reach the
