PDF2Word Converter Shareware Version Incl Product Key

PDF2Word Converter is a free software to convert PDF to DOC, DOCX, XLS, XLSX, PPT and PPTX formats, and the sources can be PDF, TXT, DOC, DOCX, XLS, XLSX, PPT, PPTX, RTF, EPUB. After you input the PDF file, the software will convert your PDF to DOC/DOCX/XLS/XLSX/PPT/PPTX/RTF/EPUB formats, and retain all the bookmarks and annotations. After a brief and uneventful setup procedure, you are greeted by a regular window with a well-structured layout divided into multiple panels. You can use the file browser to locate a PDF item for conversion, since the drag-and-drop method is not featured. Batch processing is not possible, meaning that you can work with only one document at a time. PDF2Word lets you choose the output directory, overwrite existing files, apply bookmarks on every page, make images compatible with older Word versions, as well as remove hidden text and save the file as native DOC using Word automation. It is also possible to specify the JPEG quality and conversion timeout, as well as to connect hyphenated words (English only). Settings can be restored to their default values.
