---

an unusual cause of hyperamylasemia. The clinical significance of this condition remains unknown and has been described in association with a wide variety of chronic and infectious illnesses. The authors report a patient with macroamylasemia who was found to have paroxysmal nocturnal hemoglobinuria. This is the first reported case of macroamylasemia in a patient with paroxysmal nocturnal hemoglobinuria.

Q: How can I assign value to key of javascript object Is it possible to assign value to key of javascript object by using name of key.

A: You cannot assign values like that. You could create a function that assigns values to the object, then call that function:

```
var obj = {};  
obj.key1 = 'value1'; obj.key2 = 'value2';  
function setValue(key, value){ obj[key] = value;  
} setValue('key1', 'value11'); setValue('key2',  
'value21'); console.log(obj.key1);  
console.log(obj.key2);
```

Q: Why can I not get the default font for italics with jquery easytags? How can I get the default italic font in use by my jQuery EasyTagging widget? I can set
