accounts. It supports drag-and-drop interface and makes the app accessible for mobiles, tablets and desktops. What is new in this release: Addressed a few issues in the Mac version of Stock It. Addressed an issue where IE was opened on first startup. Addressed issues with drag and drop in Linux and Windows. What is new in version 1.2: Added a menu to access the Trash and Delete folders on Mac. What is new in version 1.1: Added Bookmark to the Apple Touch Bar, Mail, Calendar and Google Now on Mac [Mac AppStore] Stock It - german language version [1.1] [1.2] - added menu for Remove, Trash, Save, Details and Restore. [1.0.2] - added a check for the folder "Documents" [Mac AppStore] Stock It - german language version [1.0.1] [1.0.1] - fixes an issue with the folders "Documents" and "Downloads" [1.0.0] - (German Version) first release on Mac AppStore. It is great app that allows us to reorder the bookmarks. It is much better than Safari's bookmarks. I would recommend it to any user. It is my favorite app on my Mac as it is easy to use and comes with many features. Folders of bookmarks: There is a long list of applications that have this feature. But most of them are not free. With the free app "Stock It", you can create multiple folders for your bookmarks. Also it is free. Browser Plus with tabs: The good thing about this free app is that it has tabs for your different browsers. The the bookmark functions of this app are about the same as the much paid for app: Google Keep. The free version of the app "Stock It" does not support folders or drag and drop. It is a basic app, but it allows you to reorder the bookmarks and add links. You can also archive bookmarks or add a note. I would only recommend this app to beginners. This is one of
