I can get the values for a week, but can't seem to figure out how to filter by timeframe. I'm using the Core Reporting API. Is there any way to create a weekly report filter? Example: get ga:pageviews where pagePath='/path/to/page' order by -ga:date and ga:timeframe='weekly' A: Assuming you are using the default reporting query language, Google

Analytics Core Reporting API v4 and your query looks something like: ga:pageviews ga:date ga:time ...you can include a range in the time dimension. For example, to get the weekly data for the past month and the past week, you would use the following query: ga:pageviews ga:date ga:time and range(ga:date, -1, -1 + interval 7 days) Note that range() allows a time to be specified e79caf774b
