Features Key:

Diverse Story Imagine an action RPG adapted from a classic tale in which the story is interwoven with twists and turns.

Eruptions of Beauty The world of Elden and its creatures come to life, allowing you to experience vast yet carefully planned worlds.

Overwhelming Creatures Summon monsters using the link with the ancient memories that wait within you. Intelligent and aggressive monsters. Each upgrade and weapons and armor skins you equip further protect you.

Unity in the Sword Shoot magic and monsters from the back of your horse. Draw your sword with the spear in your hand, or smack monsters with a weapon. Wherever you are, your sword will always be there for you, even when you enter deep dungeons.

New Characters and New Monsters for the Online Arena A wide variety of unique monsters will appear in the online arena, spread across maps, dungeons, and traditional events.

Charging Attacks from a Distance Be always prepared with quick attacks that unleash powerful multiple hits.

The Skills of Giants As the one to install their combat equipment, your monster becomes a true giant. Acquire a permanent buff that deals massive damage and gives your moves a strong effect for the blow!

Climb the Ladder With Others to Reach the Top Unlike traditional action RPGs, the three difficulties include beginners and advanced users. If you know the basics of the game, you can easily play on the easiest setting.

A Campaign Based on a Story with Many Endings If you want to revisit the story over and over, quest through the story multiple times, while enjoying it.

Every World Is Unique Be transported to a self-explanatory and confusing world where monsters jump around and attack in strange ways. Players can freely leave and enter at any time.

Customizable Character Like other squad members, your character can freely switch between free and real-time battles. You can even take a rest and then quickly get back in to enjoy the action.

Fantasy Action RPG: Ragnorag (MONACA) comes to PC and PS Vita

DEAD, not to be confused with Land of the dead or LAND OF THE
DEAD 2... Genre: life-suspending platformer Platforms: standalone
PC, main consoles and a PC port on 2019, on Steam and GOG for
Linux, GOG exclusive on 2019, on 2019 on PSN and XBOX. Publisher:

----- Gameplay and Controls Land of the Dead is
an old-school platform game and one of many GOOD 8-BIT WORLD
games that was released back in the late 80s. The game play is quite
simplistic as the main character is a man and is in a must save his
girlfriend, who was killed by the zombies and he must perform
stunts in order to make certain jumps or not drop the player. Walk
around the map and pick up items, kill zombies and play little mini
games, and of course jump over hazard! You can come back to your
previous location, however, restart is generally disabled for this
one. Most of you will play a side mission, progress along the way
and end up with your girlfriend alive, however, if you wish to save
her, you will have to perform specific actions. Gameplay.

----- Ok, the game does
basically use one main mechanic to work. Jump over and do tricks
over hazards and obstacles. You cannot get hit, however, if you

land, you start to get damaged and you have to wait. Midway your girlfriend appears and talks to you, she has some kind of emotional power and if she's sad and depressed, you will be knocked down. Being knocked down, you will also be damaged. This way, the more you play and make jumps, the better you get at it. The board is well designed with different obstacles that consist of boxes, cauldrons, pits, fire pits, barred windows, swinging doors, gigantic pipes or even spike traps. You also
