Download the free app from Android Market, or visit the Apple iTunes App Store to download the iOS version. The Bible App is great. I like the search feature and the fact that it has both ESV and NASB. It automatically takes you to the right verse.It is very easy to use. One click of the screen opens the verse you need. Its fast and free.I'm a new mom and I like that I can do my bible study in the car even if I'm not at home. It is a very good program. I had always hoped someone would make one of these with a search tool and that worked. I also liked the option to have it open a specific chapter. I would recommend it to anyone.
